

POA Valve Identification

15-51 Type-1 POA VALVE *

15-51 Type-2 POA VALVE

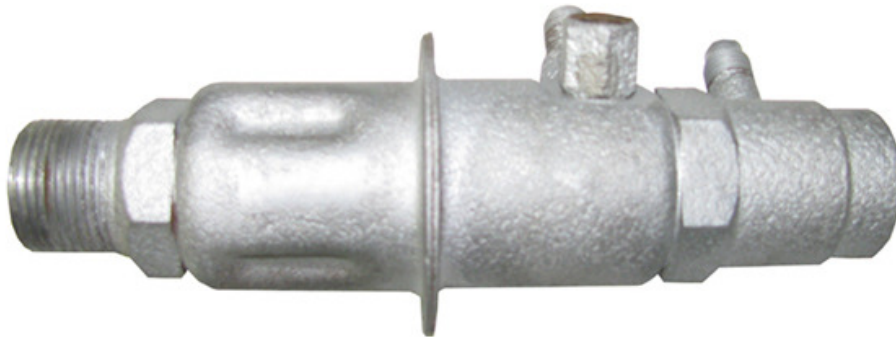

15-52 POA VALVE *

* NOTE - Fitting pattern of of three style of POA valves. Either version of 15-51 POA valve is acceptable for core credit. 15-52 POA valve is only acceptable as core credit for 15-52 POA valve purchase. Valves marked with an arrow indicate that there is an additional port (charge port) behind the port shown. All valves have (3) ports.

ORIGINAL FRIGIDAIRE POA VALVE (shown below)

*Frigidare Valves are the only valves that can be cut open and rebuilt.
They are also the only valves that can be accepted for core credit.*

REPLACEMENT DELCO POA VALVE (shown below)

*Delco POA valves cannot be rebuilt and cannot be accepted for core credit.
Delco Valves may be reconditioned if they do not require cutting open to rebuild.*
